You can find a lot of troubles on this hole, especially the second shot to the green, because it is protected by two bunkers and a huge lateral hazard.

Par 3

La Fuente

Not an easy par three, dogleg to the right, hazard to the left and undulating green. The river to the left should not come into play.

Par 5

El Mono

Very interesting hole, tight landing area, nice "higuero tree" planted on the left side of the fairway.

This is our signature hole on the back nine. A beautiful dogleg to the left and a creek protecting the front of the green. Watch out for the monkeys.
